

## CONVERGENCE THROUGH THEATRE AND DANCE WITH MR. ASHLEY

### Mr. Ashley's workshops:

"I encourage people to try and be creative through various channels, until they find their own, personal expressivity. The purpose of what I do isn't achievement, it's wonder and self-discovery! It's to surprise oneself by doing things one didn't think one could, or would, have done, and build self-confidence along the way. Being able to feel confident and think out of the box is a crucial factor in intercultural awareness, which is why I decided to be part of the Convergence Project. Dance and theatre have transformed me a great deal, I certainly believe they can change you as well."
